Internal Complaint Committee
Report

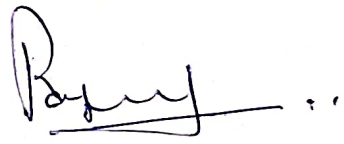

Academic Year 2020-21

The Internal Complaint Committee (ICC) worked with dedication throughout the academic year 2020-21 to maintain a safe and respectful environment for both students and staff. The committee, chaired by Mrs. Archana Powale, consisted of seven members.

Due to the challenges posed by the COVID-19 pandemic, the committee held one official meeting during the year. The main agenda of this meeting was to discuss the objectives of the ICC, focusing on the prevention of sexual harassment and ensuring a safe academic environment for all.

During the academic year, the ICC did not receive any complaints related to sexual harassment or intolerance. The committee successfully ensured compliance with safety guidelines while maintaining its core objective of creating a respectful environment on campus.
