Subject: Proposal for the Two-Days National Level Seminar organization...

Respected Sir,

With the above reference subject, all colleges are empowered to implement the new National Education Policy-2020 of the Government of India from the academic year 2023-24. At the same time, our college is preparing for NAAC process in the academic year 2023-24 and it is important to organize a national level seminar for this process. As the college has not yet organized a National Level Seminar or Workshop, it is also important to organize inter-disciplinary and multi-disciplinary seminars within the college keeping in view the National Education Policy 2020. So the college has proposed to organize Two-Days National-Level Seminar on "India @ 75".

Since the respective seminar is self-funded, the proposed statement of income and expenditure and detail outline for the seminar is attached. We are humbly requesting to give approval for the organization of the respective seminar.
