➢ **Introduction:-**

Pravara Medical Trust's Arts Commerce and Science College understands that teaching-learning system followed by an educational institution that needs continuous enhancement. The institution follows a well-defined and formal feedback system implemented at different levels. To capacitate this process of relentless enhancement, the institution adopts a feedback system that takes suggestions from various stockholders viz. Students, Parents on various parameters (each form especially for different stakeholders). This ultimately helps to fine-tune the teaching-learning process and the curriculum. Apart from this, the college makes an attempt to take feedbacks from its major stakeholders i.e. parents and alumni. Each department takes structured feedback on various domains from parents in parents teachers meeting. Other stakeholders, i.e. Students, parents plays significant role in the evaluation, development and enhancement of the quality of learning experience. The feedbacks received from various stakeholders are used to scrutinize and refine the policies so that institution moves closer to its vision.
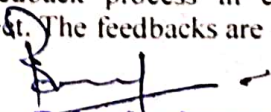

❖ **Process and Mechanism:-**

➢ **Feedback collection process from the students of the college :-**

Every year feedback on curriculum and other parameters is collected mostly from each semester students as they have an overall idea of the curriculum. The feedback from students regarding the quality of teaching is collected in mid of the semester from under graduate to post graduate students of each department. The students are asked to respond to questions that examine how effective the teaching-learning process was in aiding the student. Teaching index value is calculated for each teacher. Furthermore, the students also give their opinion on the infrastructure of the institution as well as on the curriculum prescribed for them during the session. The data obtained are also analysed using suitable graph and statistics

➢ **Feedback collection process from the Stakeholders (Parents) of the college :-**

For the evaluation, development and enhancement of the quality of the learning experience, parent's feedback is obtained to get an overall idea on the syllabi of various courses offered by the university and other factors such as, college infrastructure and facilities. The college maintains an institutional level feedback process in collecting feedbacks from parents/guardians during parents'-teachers meet. The feedbacks are collected

from each department and are analysed & reported by the feedback committee. Apart from this, suggestions and recommendations are also welcomed by the parents/ guardians. The complaints or grievances, if any are redressed properly

➢ **Need for feedback collection process from various stakeholders (college students, Teachers, Parents) :-**

Feedback from students, teachers, parents assist the college to evaluate its service policies and make necessary changes as per stakeholder's requirements. The need for involvement of various stakeholders such as college students, alumnae, parents in feedback process is essential in the quality assurance of higher education hence; the students involvement considers them more as a collaborators, rather than merely passive receivers of, teaching and learning process. After the analysis, the collected feedbacks are consolidated and along with this, the report is handed over to the principal to take necessary actions. Thus, the college maintains a quality consistence and quality enhancement in this direction.

❖ **Objectives of feedback collection process:-**

Feedback is a key feature of college quality management processes and has few purposes.
1. To provide various stakeholders with the opportunity to contribute their opinion on the quality of their learning experiences, as required in preparation for and as part of review processes.
2. To assess the success of academic delivery in relation to the expectations of students.
3. To provide feedback to college faculties in order to improve delivery and/or content of the study-unit.
4. To assure the standards and quality of college's infrastructure and prescribed curriculum.
5. To offer the platform to the students in identifying a better role in the T/L process.
6. To support the improvement and modification in the teaching methodology at the institution.
7. To develop a network that may help to flow the communication between the management and students.
8. To maintain the functioning in the arena of T/L process.

❖ **Role and Responsibilities :-**
1. To maintain an up-to-date and detailed database.

2. To assist management in creating an environment in the college that enables students to have far-lasting memories.

3. To provide the inputs of excessive use to improve the quality of our academic programmes and enrich the credibility of the institution.

4. To offer best possible environment and learning experience to reach potential for academic   achievement.

❖ **Principles:-**

The following principles were set out by the various stakeholders' feedback that defines the foundation for obtaining and using these feedbacks within the College.

1. To increase the student experience depending on improvement made during the period of study and whose views are elicited.

2. It is expected that Stakeholders will adopt a responsible and thoughtful attitude while giving feedbacks.

3. During the collection of feedback, it is ensured that the student is able to express their views freely without fear of being disadvantaged and that the method of collection and analysis is free from the risk of distortion and manipulation.

❖ **Procedure for feedback collection process:-**

Sr. No	Feedback type	Frequency in a year	Indicators
1	Students Feedback(on College, Curriculum, Teacher)	Once	Design and review of course, teachers, infrastructure and facility of college
2	Parents Feedback	Once	Design and review of course, infrastructure and facility of college
